

MouseStateSubject

MouseStateSubject

DefaultMouseBehavior< TreeNode >

```
classDiagram
    class MouseStateSubject
    class DefaultMouseBehavior["DefaultMouseBehavior< TreeNode >"]
    DefaultMouseBehavior ..|> MouseStateSubject
```

The diagram illustrates a generalization relationship. A box labeled 'DefaultMouseBehavior< TreeNode >' is positioned below two boxes labeled 'MouseStateSubject'. A horizontal line connects the two 'MouseStateSubject' boxes. From the center of this line, a vertical line descends to the top of the 'DefaultMouseBehavior< TreeNode >' box. From the point where the vertical line meets the horizontal line, two arrows point upwards to the bottom of each 'MouseStateSubject' box. The arrow pointing to the left 'MouseStateSubject' box is a dashed line, while the arrow pointing to the right 'MouseStateSubject' box is a solid line.
