

RadioButtonStateSubject

```
classDiagram
    class RadioButtonStateSubject
    class RadioButton
    class RadioButtonBehavior
    RadioButton --|> RadioButtonStateSubject
    RadioButtonBehavior --|> RadioButtonStateSubject
```

The diagram illustrates a class hierarchy. At the top is the class 'RadioButtonStateSubject'. Below it are two subclasses: 'RadioButton' on the left and 'RadioButtonBehavior' on the right. A horizontal line connects the two subclasses, with a vertical arrow pointing upwards from the center of this line to the 'RadioButtonStateSubject' box, indicating that both subclasses inherit from the superclass.
